

Betty Estep

December 30, 1935 - May 19, 2025

Betty Estep, age 89, passed away peacefully on May 19, 2025.

Born on December 30, 1935, in South Gate, California, Betty was a devoted mother, loving grandmother, and cherished great-grandmother. She spent 20 joyful years living in Baja California, where she found great peace in her seaside home, watching sunsets and walking along the beach — her favorite place, until her health no longer allowed.

In 2020, she returned to Bellflower, California, to be closer to family. Betty was one of the kindest souls you could ever meet. She touched the lives of everyone who knew her — opening her home and her heart to all, never judging, always welcoming.

She is survived by her three sons: Michael, Mitchell (wife Cathy), and Mark (wife Tammy); six grandchildren; and ten great-grandchildren — with one more on the way. Her love, grace, beauty and warmth will live on through each of them.

Betty will be deeply missed and forever loved by all who had the privilege of knowing her.
